Mohammed Morad Salama Mohammed

Assistant professor at High Institute of Engineering & Technology, New Minya (MHIET)

Mobile: (+2) 01000621959

Name:	Mo	hammed	Morad Salar	ma Mo	hammed	Birth date:			18/11/1990	
Current job:		Institute	ssor of electri of Engineerin w Minya (MI	ng & T	_	Date of appointment:		27/4/2013		
Scientific specialization:					Electrical engineering					
First: Occupational data										
The date and number of the	F	First: for the position of assistant professor			Ministerial decision No.:	642 Decision date:			22/2/2021	
ministerial decision	Sec		the position o t lecturer		Ministerial decision No.:	2324 Decision date:			10/6/2017	
	Tì		or the position of monstrator		Ministerial decision No.:			cision ate:	27/4/2013	
	Second: Academic degrees									
	1- Doctoral degree data									
PhD dissertation title: "Optimum Planning and Operation Assessment of a Microgrid							icrogrid"			
Specializ	ation:		electrical power systems							
PhD registration date:	on 15/	11/2016	PhD compl date:	letion	29/9/2020	University: El-Min		El-Miny	nya University	
	2- Master's degree data									
PhD dissertation	on title:	"Desi	Design and Simulation of a Microcontroller-Based Inverter and DC-DC Converter"							
Specialization:			power electronics							
Master's registration da		/10/2012	Master completion		31/10/2016	University:			El-Minya University	
3- Bachelor's degree details										
Educational qualification:	:	Bachelor's deg electrical ar computers Engir		Un	iversity:	Higher Institute of Engineering & Technology, New Minya (MHIET)				
Graduation Year <u>:</u>	2		2012		Grade:	Excellent, (percent			age 94%)	

	Third: Academic and research activities					
Published research:	[1] Said A. Kotb, Magdy M. Zaky, Adel A. Elbaset, Mohammed Morad, "Application of hybrid renewable energy for supplying the emergency power supply system in case of station blackout in nuclear power plant", Annals of Nuclear Energy, Volume 175 (109222), 2022.

Conferences attendance	1- The twenty-second international conference on electrical power systems in the Middle East (MEPCON) - Faculty of engineering - Assiut University. (Period: from 14 to 16 December 2021).					
	 2- The third international conference on engineering sciences and technology (ICEST 2021). (Period: from 28 to 29 July 2021). 3- The 20th international conference on electrical power systems in the Middle East (MEPCON) - Faculty of engineering - Cairo University. (Period: 18-20 December 2018). 					

		onal conference on electrical power systems in the - Faculty of engineering - Mansoura University. 2015).			
Training courses and workshops:	 "Strategic Planning: Faculties and Institutes of Higher Education", From the national authority for quality assurance and accreditation of education. (Period: from 7 to 8 May 2023). "Examination systems and student assessment course", Minya University. (Period: from 17 to 19 May 2020). "Educational programs and courses specifications and evaluation of learning outcomes for colleges and institutes of higher education". From the national authority for quality assurance and accreditation of education. (Period: from 2 to 4 September 2019). "Searching in global databases and managing scientific references - EndNote" course. Information technology center - Minya University. (Period: from 16 to 17 September 2019). A workshop entitled "Automation system" at Siemens Company - Cairo - 				
Teaching courses:	2- Electrical engineering fund3- Electrical engineering fund	ory (Classic control, PLC, Motor drives). clamentals laboratory (DC circuit experiments). clamentals laboratory (AC circuits experiments). cory: (Diodes circuits, transistors circuits, operational or 555 circuits).			
Supervision of undergraduate graduation projects	 Digital control systems. Electrical Power Installation for Indoor Buildings in Presence of KNX: Case Study "Academic Building at MHIET". Automatic Production Line for Filling, Capping, and Storing Processes Using PLC. Smart Vertical Parking System using Programmable Logical Controller (PLC) and Human Machine Interface (HMI). 				
Administrative responsibilities:		the quality assurance unit, since 13/9/2021, till now. department examinations control since 4/9/2021, till			
Work experience and skills:	 Member of the teaching and learning standard team in the education quality assurance and accreditation unit. Member of the academic standards and educational programs team in the education quality assurance unit. Participation in the development of a self-study for the teaching and learning standard in the education quality assurance unit. Contribute to the organization of electrical engineering laboratories exams. Participation in making courses specifications and reports. A member in the examination control for 5 years.

The faculty of Engineering, Minia university has been accredited by the National Authority of Quality Assurance and Accreditation for Education, NAQAAE, with the decree No. (133) in 22/9/2014.

Dear Authors:

On behalf of the technical committee of MEPCON-2021, I am pleased to inform you that your paper with title "Assessment of PV penetration Impacts on Assiut International Airport Long Distribution Feeder using Multi-Objective Performance Index" by authors "Ahmed Makram, Mohammed Morad, Amr Sayed and Mohamed Nayel" has been accepted and successfully presented at the conference.

Best regards.

Abdel - Falam

Prof. Dr. M. Abdel-Salam

Chairman of Technical Committee

المؤتمر الدولى الثالث للعلوم الهندسية والتكنولوجيا

ordInternational Conference on Engineering Science and Technology

CERTIFICATE OF ATTENDANCE

This Certificate is presented to

Mohammed Morad Salama Mohammed

Electrical Engineering and Computers Engineering Department, El minya Higher Institute for Engineering and Technology, El-Minia, Egypt For attending the 3rd International Conference on Engineering Science and Technology

Secretary General

Assoc . Prof./ Nouby Ghazaly

Nouby Ghazaly

2018 Twentieth International Middle East Power Systems Conference (MEPCON)

Cairo University, Cairo, Egypt, December 18-20, 2018 (MEPCON'2018)

Attendance Certificate

This is to certify that:

Name: Eng. Mohammed Morad Salama Mohammed

Affiliation: El Minia High Institute for Engineering and Technology

Paper ID #: 172

has attended the various activities of the 2018 Twentieth International Middle East Power Systems Conference organized by Cairo University, and held in Al Masah Hotel, Nasr City, Cairo, Egypt, during the period December 18th to 20st, 2018.

Professor Hassen Taher Dorrah, MEPCON'2018 Publications Chair Faculty of Engineering, Cairo University, Giza, Egypt. (Mail: dorrahht@aol.com)

Date 19 December 2018

The 17thInternational Middle East Power Systems Conference

MEPCON'15

Electrical Engineering Department, Mansoura University, Mansoura, EGYPT

December 15-17, 2015

This is to certify that the paper entitled

"Design and Implementation of Microcontroller based Non-inverting DC/DC buck-boost converter"

By:

Adel A. Elbaset, Hamdi Ali Mohamed, Mohamed Morad

Has been presented in the conference

Conference Chairman M.M. Saadow Prof. Dr. Magdi EL-Saadawi

Certificate Automation System

This is to certify that:

Mohammed Morad Salama

Attended the above mentioned workshop including

-Introduction to PLC S7-300

Hardware Configuration

Programming using LAD

Troubleshooting

-Introduction to HMI & SCADA Systems

Configuration using WINCC FLEXIBLE

Design HMI program using WINCC FLEXIBLE

-Introduction to PROFIBUS-DP & Motor Drives (MicroMaster)

Basic configuration for PROFIBUS-DP network

Configuration for MicroMaster on PROFIBUS-DP

For the Period From

30-Jan-12

To:

31-Jan-12

INDAC Supervisor

Mohamed Abo El-Fetouh

Trainer

Sherif El-Naggar Sherif Shaggas

SIEMENS
